Anyone interested in furthering their dementia care knowledge is welcome to attend the Eastern Australia Dementia Training and Study Centre (EADTSC) Clinical Workshop. EADTSC Clinical Workshops are a great way to keep up-to-date with recent research and evidence-based practice in dementia care and provide an opportunity to network with colleagues working in this field.

Workshop Abstract:
This workshop has been designed for health professionals working in the field of ageing who are decision makers and mentors to others. It aims to use evidence based practice and transform that into an “experience” of dementia and changing behaviours that will positively influence the participants practice in the future and support them to pass this knowledge on to others. It aims to be creative stimulating and highly interactive and has been designed for mature learners.

Presenter Biography:
Sharon Wall has a demonstrated background of over 30 years in the care of people who are ageing and of those who are living with dementia and is published in these areas. She is an inaugural fellow of the Australian Association of Gerontology.

This workshop is targeted to all health professionals working in the aged care industry in Broken Hill and surrounding areas

Registration closes Monday 9 November 2009

This workshop is being provided at no cost to participants by the EADTSC through funding provided by the Australian Government.
